PROFILE

Third-year Computer Engineering student with a focus on web development. Experience building full-stack applications using PHP, MySQL, JavaScript, HTML5 and CSS3, with exposure to game development and machine learning. Strengths in event coordination, PR and teamwork.

TECHNICAL SKILLS

Programming: C, Java, Python, JavaScript, PHP, C#, Assembly (8086)
Web Development: HTML5, CSS3, JavaScript, PHP, AJAX
Databases: MySQL, SQL
Concepts: CRUD operations, relational database design, client-side scripting
Tools: Git, GitHub, Unity, Figma, Canva
Core Strengths: Communication, coordination, documentation, teamwork, problem-solving

PROJECTS

Sole Purpose — Footwear E-Commerce Platform Nov 2025
PHP, MySQL, JavaScript, AJAX, HTML5, CSS3

- Developed a full-stack e-commerce website for users with foot conditions like flat feet and bunions, with a Foot Quiz and Size Converter that recommend the right fit.
- Used AJAX for real-time cart updates without page reload; designed a relational MySQL database with CRUD operations.
- Added an eco-friendly product category and a donation drive module where users enter a PIN code to find the nearest drive.
- Gathered UI and sales feedback from a Khadim's Shoes store manager; won 2nd place at DBIT InnoQuest 2025.

Swervers — 2D Adventure Game Aug 2026
Unity, C#, Figma

- Developed a 2D side-scrolling game in Unity with C# scripting, featuring multiple levels, coin collection and obstacles.
- Implemented player movement, collision detection, moving platforms and score-based progression.

Non-Revenue Water (NRW) Leak Detection Oct 2026 (In Progress)
Python, Machine Learning, EPANET

- Working on a pipeline leak localization system for Smart India Hackathon (SIH1288).
- Using EPANET hydraulic modeling with machine learning to analyze pressure and flow discrepancies for anomaly detection.

LEADERSHIP & EXPERIENCE

President | Salesian Youth Movement (SYM), DBCL Aug 2026 – Present

- Lead a youth group for Catholic students to come together for prayer, learning and building friendships.
- Headed events such as the Inauguration and Marian Game Night; coordinated the team and planned the programme.

Assistant Publicity Head | ACM, Don Bosco Institute of Technology Aug 2025 – May 2026

- Handled publicity and PR for ACM events and reached out to other colleges to promote them.
- Built contacts with other colleges and improved my communication and networking skills.

EDUCATION

Bachelor of Engineering, Computer Engineering — Don Bosco Institute of Technology, Mumbai 2024 – 2028
University of Mumbai • CGPA: 8.09 / 10 (up to Semester 4)

Higher Secondary Certificate (HSC) — Nirmala Memorial Foundation College of Commerce and Science 2022 – 2024

Secondary School Certificate (SSC) — St. Joseph's Convent High School

LANGUAGES

English — Native or bilingual proficiency • Hindi — Professional working proficiency
